3. Are there more or fewer PEG channels carried on MVPD systems than were carried as of June 2010? **There has been no change to the number of PEG channels carried.**

5. **SJCCTV is not carried on AT&T Uverse**

6. **SJCCTV is a cooperative effort between the Town of Smithfield and Johnston Community College in Smithfield, North Carolina. The studio and all transmission equipment are housed at JCC. To date, all programming is set by the Programming Coordinator at JCC. Current programs include those from PEG MEDIA, CMDN, Archive.org, town council meetings and original programming for and about Johnston Community College. There is a tremendous working relationship between the town and the college. Over the past three years, SJCCTV has become a vital source of information to the citizens of Johnston County. Fortunately SJCCTV has not felt the affects of the economic turndown.**
